RE: Applications for Consent to Transfer Control of Filed by Verizon Communications, Inc. and MCI, Inc., WC Docket No. 05-75

Dear Ms. Dortch:

I wanted to take this opportunity to inform you of the support from the United States Distance Learning Association for Verizon Corporation's Application for Consent to Transfer Control of Filed by Verizon Communications, Inc. and MCI, Inc., WC Docket No. 05-75. Specifically, the United States Distance Learning Association is the world's leading non-profit association promoting the development and application of distance learning for education and training. The constituents we serve include Pre K-12, higher education, home schooling, continuing education, corporate training, military and government training and telehealth.

Since 1991 USDLA has held a number of Distance Learning Policy Seminars. At every one of these events, we have recommended as a result of the forum increased access to distance learning opportunities. It is USDLA's belief that the acquisition of MCI by Verizon will further this policy goal. Clearly, the potential increase in fiber availability, strengthened internet backbone access and overall educational program availability will benefit millions of life-long learners. Moreover, this merger will provide new services and technologies coupled with infrastructure investment which will impact local and state growth. Finally, it is our position that approving this convergence will allow more efficient delivery of current services concurrently with the prospects of new ones. In closing, this acquisition is good for education, good for the companies and good for America.
